

# The Men's Development Network

## 19th Annual National Men's Training and Development Summer School 2015

### “Better Lives for Men Better Lives for All”

For almost twenty years now The Men's Development Network has been at the forefront of facilitating men to come together in an environment of safety, support and development to bring about positive change for ourselves, our families, communities and the broader society. It is this very process that has helped us strive towards establishing the MDN vision;

### “Better Lives for Men Better Lives for All”

This year MDN's Men's Training and Development Summer School our 19th to date seeks to build upon the vision we have individually and collectively created for ourselves and those we love and care for.

Don't miss the opportunity to explore, share and celebrate yourself as a man bringing all of your experiences and learning into a space that values and cherishes the diversity and uniqueness of each of us as men. This year we are delighted to be holding the event in the beautiful setting of Mount St. Anne, Portarlington, County Laoise from the 28th to the 30th of August .

So I urge you to register early and join us for what promises to be once again a Summer School that will supportively challenge each of us to reach for our potential, to live our lives fully and authentically, embracing all that connects us to ourselves and each other as men, our families and communities.

Your programme of events for this years Summer School is enclosed as is your registration form for you to complete and return a.s.a.p.

We look forward to meeting you at this event.
